

Quiz 2

Create package with your initial quiztwo. (e.g. James Bond use **"jbquiztwo"**).
The completed program should run as shown below:

```
itec2150-03 > syquiztwo > J QuizMain.java > ...
1  package syquiztwo;
2
3  public class QuizMain {
4      public static void main(String[] args) {
5          Pizza p = new Pizza("Margherita Pizza", 14.99, 12);
6          Burger b = new Burger("Big Mac", 5.65, "special");
7
8          System.out.println("Pizza info:");
9          p.displayDetails();
10         p.prepare();
11
12         System.out.println("Burger info:");
13         b.displayDetails();
14         b.prepare();
15     }
16 }
17
18
```
